

For hotels & concierges.

Sell tours and tickets to your guests, under your hotel's name

Whoever welcomes the guest should earn from the guest.

Your guests ask the concierge desk for tips every day, then book on a big faceless platform. The booking, the data and the loyalty leave through your own lobby, and your hotel earns nothing.

TicketMatch gives your hotel its own branded booking storefront with 300,000+ tours, museum tickets and experiences worldwide. Guests book on your own branded web address, your name goes on every ticket, and your hotel earns commission on every booking. TicketMatch handles payments, e-tickets, wallet delivery and cancellations.

“No branding, no data, no loyalty — just a booking number in someone else's system. We built TicketMatch to flip that.”

Your guests do everything themselves — you just earn.

- 2 Share it at the desk, in the welcome email or via a QR card in every room
- 3 Guests book instantly; tickets arrive on their phone; your hotel earns on every booking

"I built TicketMatch — and I run my own travel agency on it: W69 Travel. Everything in this brief is my own live shop, taking real bookings."

PICTURE IT

A Saturday at your front desk, with TicketMatch

- 08:30** Over breakfast, three tables ask the same thing: “What should we do today?” Your team points at the QR on the key-card holder.
- 08:35** Guests browse your own storefront over coffee and book the canal cruise and the museum — on their own phones.
- 08:36** Tickets land in their wallets. Your concierge never left the check-in queue.
- 22:00** Fourteen bookings today. The lobby earned money while your team simply did their job.
